Professional Summary

Results-driven Frontend Developer with **React, Next.js, TypeScript, and JavaScript**. Passionate about building high-performance, scalable, and user-centric web applications. Experienced in implementing modern UI/UX best practices, optimizing performance, and leveraging server-side rendering (SSR) and static site generation (SSG) for seamless user experiences. Adept at working with internationalization (i18n), state management (Redux, Zu stand), and API integrations. Always eager to learn and stay ahead with the latest frontend technologies to deliver cutting-edge solutions.
